SEVENTH YEAR.

LARGEST IN THE CITY.

Purely Business!
The columns of a newspaper represent a cash value. No publisher can afford to give advertising notices free any more than a merchant can lose over his counter for gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

We Have!

Always contended for and maintain it is a fact that there is a higher order of intelligence evinced in the business of general merchandise by the people in this and nearby counties than most anywhere else. You will find few persons who do their shopping in Mayville who believe that \$1.00 will buy a \$12 suit of clothes. Our many years experience goes to show that people want good goods, and for which they are willing to pay a fair price. Our 1898 spring business proves that the higher the class of goods the readier they sell. Our beautiful Black and Blue Serge Suits (we sell them at \$12) have bounded into wonderful great favor with our good dealers. We have a beautiful line of them. The weather is getting right for our

Crash Suits

Our Crash Suits are right for the weather. Prices ranging in this line

From \$2.50 to \$7

They are worth your inspection. On Saturday we will open our Children's and Boys' Crash Suits.

OUR SHOE DEPARTMENT is now complete in Summer Footwear. We handle only the best quality of goods in this line. Our Fine Patent Leather Shoes which a few days since were closed out are replenished with a shipment of the very latest and correct styles.

MANY MILES OF

Fremont Park.
It seems that the interest manifested by the patrons of Fremont Park never flags for another large audience assembled again last eve. The Kline children were a strong card and won immediate favor with the audience. Their acrobatic work would do credit to much older performers. Stricklin's dog circus was pleasing. Turpin, an already established favorite, added a few new stunts to his dancing act.

As a matter of fact a better or more pleased audience never left a show than that of last evening. An entire change of program will obtain this eve. Don't miss this week's show, or you will regret it.

J. T. Smith & Co.'s White Flyer.

Passed Away at His Home at an Early Hour This Morning.

The death of Mr. William Sterling Frank occurred at 2:00 this morning at his home on West Second street.

Deceased was a native of this city and was 60 years of age, his useful life being spent here where his sad death will be mourned by all.

For over a year he had been gradually declining, afflicted with softening of the brain, and for the past two or three weeks he had been unable to recognize any of the devoted friends and relatives who so carefully nursed him.

Interment in Mayville Cemetery.

GREENUP, JULY 19

Time and Place For Holding the Republican Convention.

A HARMONIOUS GATHERING.

The entire Ninth District Republican Congressional Committee, save Rowan and Robertson counties, which had their voice by proxy, met promptly at 11 o'clock at the Central Hotel in this city yesterday.

Chairman James S. Huff of Cynthia, Harrison county, called the body to order and immediately stated the reason for the call.

An early Convention seemed to be what some of the delegates thought would be the proper thing, but an early Convention was not called.

June 27th was asked for, but a hearty outburst of disapprobation soon threw the ball, and the 19th of July was unanimously set as the date and Greenup the place.

The Committee further acting issued its order which is to govern the counties in selecting delegates.

A Mass Convention will be held in each county next Saturday, July 19th, and the following Tuesday these come together at Greenup to nominate a candidate who shall carry the Republican banner through the fall to the polls in November next. It was a harmonious gathering.

HOT TIMES.

Keep the Children at Home Tonight to Escape the Savage Indians.

Parents should take due notice and not allow the young ones out tonight to get in the way of the Indians.

The city will be wild with visiting Redmen from neighboring Lodges, and the war cry all along the route of the proposed trail will be something terrible.

When the Indians "entertain" they do so in all possible style, and tonight they will endeavor to keep up their reputation.

After receiving down-the-river brethren the Redmen will form at the Wigwam, and following will be the line of march.

All members in costume are urgently requested to be at the Wigwam at the 7th Run sharp and have their horses on the outside where they can get at them quickly, will leave the Wigwam at 7:30 and proceed to Limestone street, where Idaho Tribe and Manchester Uniform Rank will fall in line. Wyandotte, bringing up the rear, will then proceed down Second to the Ball Park, retrace on Second to Limestone, where they dismount and immediately form line and trail to the Market street space, where they form guard line for the purpose of giving the Uniform Rank a chance to drill, as soon as the drill is over will start the War Dance and capture the palisade, who we will conduct to the Wigwam as soon as possible.

Last but not least is the supper which will be served at the St. Charles Hotel. Cold Tongue, Chicken Salad, Salmon Salad, Hashed Ham, Cold Lettuce, Tomatoes, Stewed Potatoes, Pickles, Assorted Cakes, Cream, Strawberries, Cherries, Tea.

Fruit, Coffee, Tea.

Parties who left orders for Portfolio No. 1 of the Naval Series can get it by calling at this office.

The steamer Proctor K. Smiley will run an excursion from Ripley to this city Thursday evening, June 23d.

Patents and Pensions applied for through associates in Washington, D. C. J. M. Collins, 35 West Third street.

Adjutant Carroll Power is mustering in recruits at Lexington to fill out the Second Regiment. The force will remain at Lexington until the latter part of next week and will then probably come to this city.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the slightest illness will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay besides. One pays out 25 cents, the other is out a hundred dollars, and then wonders why his neighbor is getting richer while he is getting poorer. For sale by J. James Wood, Druggist.

Every person paying a cash fare on streetcars gets a free ticket to the Theater.

Electric Park.

The fact was demonstrated last night that Mayvillians really appreciate a dramatic entertainment. The house was crowded and a more delighted audience never left a similar place at amusement. The Two Fanciers' clever comedy acrobatic act elicited much hearty applause. Warren and Howard in "Idiosyncrasies" were pleasing to every eye. Rusty charms all with his rendition of comic songs. Go out tonight and enjoy the best show in town. You get a ride and a ticket to the show for 10 cents.

Friday's Cash Sale

Umbrella Talks!

An umbrella in the hand is worth two in the store—when that store is blocks away and it's raining torrents. There are two kinds of umbrellas, one you buy, the other you borrow. If unaccomplished facts may be recorded we believe the latter kind most popular.

In selecting an umbrella look to the name of the maker. That's the secret of our successful umbrella business. We buy of manufacturers who guarantee their goods to us and we in turn guarantee them to our customers. Low prices alone are no attraction. It's not getting things cheap, it's getting good things cheap. Everything here is cheap—some are very cheap, but they had to be something more than cheap, first. That's the strong point in the umbrellas we offer Friday. Its merit, style and value for the money everybody wants even in umbrellas, and if you come here you'll get it. We won't insist upon your purchasing. We won't argue, but the worth in the umbrellas will. Some people object to parachute duds, but the kind we'll have Friday will be welcomed by all as the chief coin-clothes of the city. Corallia Silk Umbrellas, steel rods, slender frames, silk tassels and cases, handles of many patterns, choice for Friday only \$1; after that the regular \$1.50. Don't think the 50c difference between low and regular prices represents our profit. We don't get 50c cent on umbrellas. We've gone into the costs on these as the wisest advertising of the season.

ARCHDEACONRY COUNCIL.
Most Interesting Were the Sessions Yesterday—Closes Tonight.

Most interesting were the sessions of the Archdeaconry Council yesterday, the beautiful Episcopal Church being arrayed in Nature's sweetest blossoms to bid a welcome to the clergy and laity who came to us for council in God's name to do more and better things for His Church.

The morning hours were given to worship, the Right Rev. Bishop of the Diocese of Lexington presiding. The Holy Communion was celebrated immediately following a most practical sermon by Rev. R. A. Dyer of Dayton.

The business meetings began at 9:30 a. m. in the Guild Hall. At 3:30 Miss Harriet of Frankfort presided at a meeting in the interest of the Woman's Auxiliary. She is a most cultured woman, and as full of her noble work as to be an inspiration to all who heard her.

In the evening at 8 a short religious service preceded the set program, which was made up of short speeches by the clergy upon Sunday school work, its advantages, uses and requirements. A most interesting congregation enjoyed the excellent talks.

Today the services and addresses promise to be more interesting, and we feel the public should accept this opportunity to hear these able men.

All sessions are free save the 9 a. m. devotional service this morning, which was designed for the Ministers' use.

The afternoon hour is 2:30, the evening hour 8 o'clock.

THE BUYERS GUIDE.
The Largest Shipment of
Deering
Twine!
Chat Ever Came to
Northeastern Kentucky
was received Monday, Tuesday and Wednesday, May 9th, 10th and 11th, 1898, by JOHN I. WINTER, THE PRICE FIGHTER. There was 30,000,000 (thirty million) feet in the shipment, and every foot of it is the justly famous Deering Pure Sial. Every one wants, demands and will have no other twine after once using Deering Pure Sial. None of us are too old to learn. If your neighbors are using a better article than you are, surely you wish to know it. The demand for Deering Pure Sial Twine has become so great that we were compelled to this year buy 30,000,000 feet to accommodate the wants of our customers. Now, listen. Every inch of this Twine is tested at a much higher tension than any binder requires in using, while in other makes of twine only 100 feet out of every 30,000 feet is tested. Deering Pure Sial Twine is made of extra long dense strands of Pure Sial. Fiber, which permits of very fine spinning, thus producing more bundles to the pound than any other twine in the world. To make a long story short, I offer the following: Take out a acre of wheat with less pounds than any other twine made, if you don't find that it is the strongest twine made, if it is not the best twine that has ever used, you will please return it and every cent of your money will be refunded. Surely, that's fair. You are to be your own judge. Say, I can save you big money on twine. I bought my twine some time since when it was selling below the cost of production. Twine has advanced ever since. I am willing to give my friends and customers the advantage of my judicious purchase. I am selling twine today, I feel, a pound less than the market price. In buying Deering Twine, Farm Wagon, Farm Implements, Mowers, Hay Rakes, Self Binders or Furniture it always pays to consult The Price Fighter.

BUY A DEERING

Deering Machines have roller and ball bearings both, and in that respect it's only machine of the kind made. Its draft is the lightest of any now on the market. Remember, Deering made the first twine binder. Deering first used ball and roller bearings. Surely you won't buy a cheap imitation. Take a business view of the matter. Don't buy an expensive one you can take advantage of Deering's 30 years experience. They made the first Twine Binders, have spent a lifetime in improving it and today offer you the result of their labors at the same price that other companies wish to charge you for experiments. Don't buy a cheap experiment, but buy a perfected Deering Binder, Mower or Hay Rake. They have made all your neighbors happy, as nearly 1,000 testimonials that we hold of residents of Mason, Bracken and Robertson distinctly state. We will be pleased to show you these testimonials. Come and see Deering's wonderful line of prize winning machines.

An Open Confession is Good for the Soul
We oversize the situation. We are loaded with Baby Buggies. They must go—we don't intend to carry them over. When an article don't move fast enough we push it, and push it so hard that it runs away from itself. We never have any carried-over stock. Now listen: These Buggies will be sold regardless of cost. Cost cuts no figure in this case. We want a little bit of your money in exchange for these Baby Buggies, and in order to make the exchange quickly we will
GIVE YOU THE 10 PER CENT.
AND THROW IN 30 PER CENT. FOR GOOD COUNT!
This is the opportunity of your life! This sale is a wine-inspiring and nervy, but nerve is one of our virtues.

LYNCHING FEARED.
A Negro Attempt to Assault a Little White Girl—The Victim's Mother Prevented a Hanging.

GLASGOW, Ky., June 16.—Calab Guinea, a Negro, Tuesday evening attempted to assault little Ethel Allen, aged 4, daughter of Elijah Allen, white. Guinea was captured near Old City Wednesday morning. The father of the child tried to kill him, but was prevented. A crowd assembled to hang white Negro, but Mrs. Allen restrained them.

The Negro's hands were then tied behind him, a rope was placed around his neck and a crowd of men on horseback, one holding the rope, drove the Negro in front of them to Glasgow, six miles.

On the way the Negro lost a shoe and his hat, but was not permitted to stop to get them. He was forced to wade heavier creek and was not allowed to rest or walk. As he came through the city, his clothes in rags, one shoe on and one off, his hat gone, his hands tied behind him, bleeding and in pain of breath, he was followed by a crowd of angry men.

The Negro was taken before the county judge. He waived examination and holding the rope, drove the Negro in front of them to Glasgow, six miles.
